每一天只需**3**分钟

Eumora is the Sensational Moor facial bar, infused with HMA Factor (Hydration MicroAlgae factor), formulated with other active ingredients imported from Europe. Suitable for everyday use and all skin types. Eumora, the Facial Cleanser that actively tones and moisturizes skin for a brighter, refreshed result.

Eumora充满HMA因子（水化微藻）的神奇Moor洁面皂，连同其它从欧洲进口的活性成份配制而成。适合日常使用，适用于各种皮肤类型，能够洁净皮肤，有效的调理和滋润皮肤，令皮肤更加亮丽清爽。

Moor

Moor is a rare form of nutrient-rich peat created by the gradual transformation of herbs, plants & flowers which have been permanently submerged under water or underground. Free from the decaying effects of oxygen and in the correct climatic and biological conditions, the plant matter undergoes a 'ripening' transformation process over thousands of years to produce a homogeneous dark substance called Moor. During this 'ripening' process, all the substances within the plants are retained in the Moor, resulting in a herbal complex with wonderful therapeutic properties.

Moor是一种营养丰富的稀有泥炭，它是由长期浸没在水中或长埋地下的药草，植物和花卉逐渐转化而形成的。植物物质在未受到氧气腐烂影响，适宜的气候和生物条件下，经历了千百年的“熟化”过程，因而

产生了一种均质，暗色的物质 Moor。

在“熟化”过程中，植物体内的所有物质都得以保留，并最终形成一种具有奇妙治疗作用的草本混合物。

Now Enhanced with *Shea Butter* Re-ignited, Re-fashioned & Re-styled

Shea Butter

Shea Butter is a fat extracted from the nut of the African shea tree. It is widely used in cosmetics as a moisturizer, salve or lotion.

乳木果油是从非洲乳木果的坚果中提取的脂肪。它广泛用于化妆品中作为保湿剂，药膏或乳液。

Therapeutic Properties of Moor revealed from research conducted throughout Europe over the past 50 years

过去五十年在欧洲各地进行的研究显示Moor的治疗特性

Bio-Available

(Active ingredients are easily absorbed by the skin cells)

The substances present are in colloidal and bivalent form, thus they are small enough to be easily absorbed by the system.

Antiseptic

The Moor contains lignin and bitumen, both of which contains high proportions of phenol substances and these act as natural antiseptic.

Detoxifying

The high proportion of humic acid and other humus substances enables the Moor to both draw and absorb toxic substances trapped in the tissues. Detoxification is widely recognized as an important component of health care maintenance and anti-aging.

Anti-Inflammatory

Moor has consistently been found to exert an anti-inflammatory effect on irritated or inflamed tissues.

Ion-Exchanging

The presence of humic acids also causes an exchange reaction in which harmful positive ions in the tissues are replaced by revitalizing negative ions present within the Moor.

生物可利用性

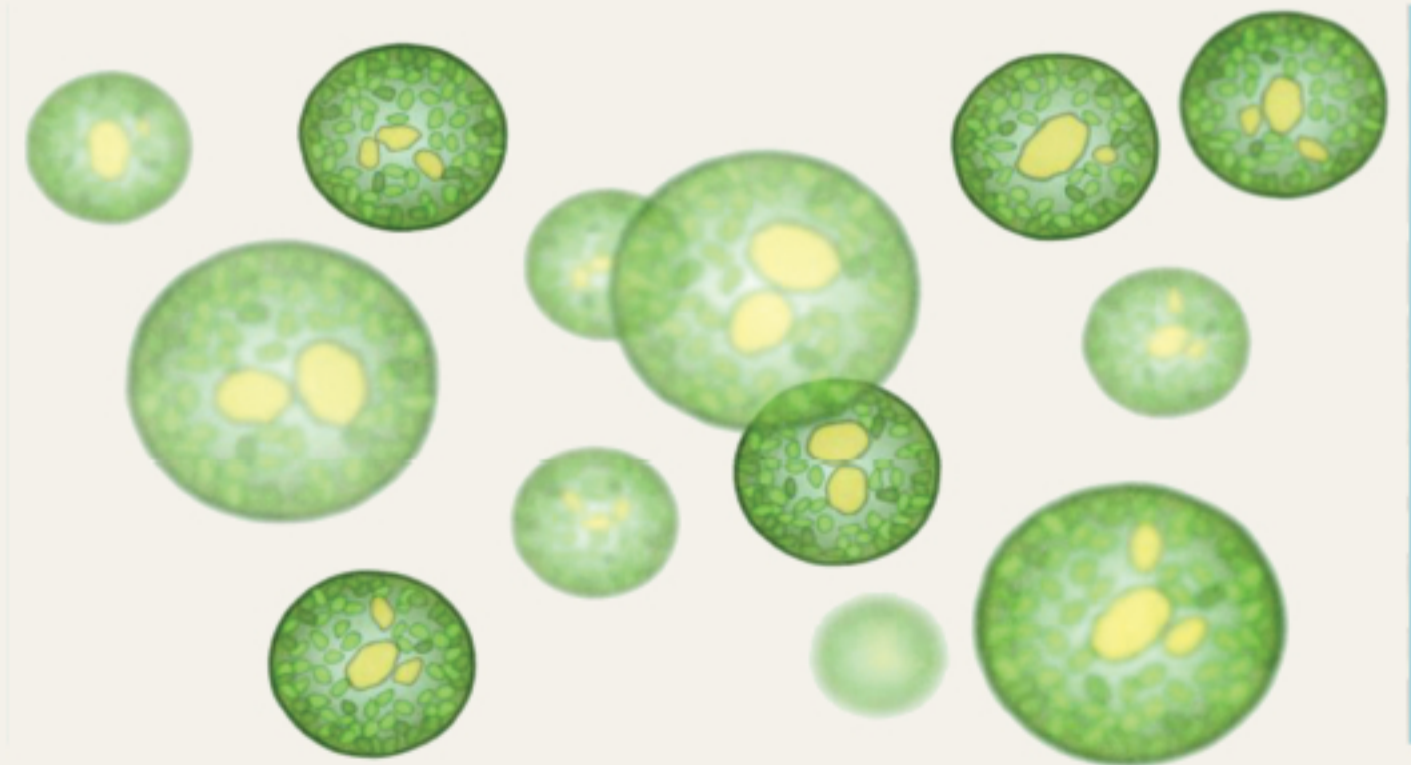

(容易被人体吸收) 其物质分别是存在于胶状形态和二价形，它们非常细小，所以能非常容易被人体吸收。

抗菌

Moor含有木质素和沥青，这两种物质富含苯酚，故具有自然抗菌功能。

排毒

高含量的腐殖质和其他腐殖质使Moor能够抽取和吸收被困在组织中的有毒物质。排毒被公认为对保健和抗衰老非常重要。

抗炎

Moor 一直以来被证实对疼痛，不适或发炎的组织有消炎的效果。

离子交换

腐殖酸的存在也导致了交换反应，在组织中有害的正离子被Moor的活力负离子取代。

HMA (Hydration MicroAlgae Factor)

HMA (Hydration MicroAlgae factor) is a unique concentration of natural active ingredients, extracted from the essence of MicroAlgae. It is an effective hydrating agent and can help in strengthening the mechanisms of skin defense. It has deep moisturizing action while strengthening the defense qualities of the skin barrier, thus giving extraordinary softness and brightness. In addition, HMA is rich in Vitamins B1, B2, B12 and niacin which can increase the skin's energy and protect the skin to stay away from all kinds of pressure. With its absolute compatibility with the skin, it doesn't irritate, and provides moisture for all types of skin in all climates.

HMA是一种独特的浓缩物质，其天然活性成分是从微藻的精华提取。它是一种有效的水合剂，可以帮助加强皮肤的防御机制。它具有深层，持久的保湿效果，同时能增强皮肤屏障的保护能力，令皮肤无比柔嫩，尽显光泽。此外，HMA含有丰富的维生素B1, B2, B12及盐碱酸，帮助加强皮肤的能量和保护皮肤远离各种压力。HMA与皮肤绝对相容，它不刺激皮肤并在各种气候条件下为各种类型的皮肤提供水分。

Product Application

Eumora is suitable for all skin types. It is a broad spectrum skin balancing formulation that works on oily skin, dry skin, and sensitive skin; on both fair and dark skin. This is achieved through HMA (Hydration MicroAlgae factor) and Moor working together to detoxify and restore skin moisture and pH balance, bringing back the natural radiance and glow of healthy skin. The Moor has been found to be naturally hypoallergenic and to be able to harmonize with and benefit any skin type, eliminating the need for many different types of creams. Only gentle moisturizer, preferably formulated with natural ingredients, is recommended to be used after cleansing with Eumora if your skin is dry and sensitive.

产品应用

Eumora适合所有皮肤类型。它是一种广谱的皮肤平衡配方，适用于油性皮肤，干性皮肤和敏感皮肤，在白皙和深色的皮肤上。这是通过HMA（水合微藻因子）和Moor共同作用来排毒和恢复皮肤的水分和pH值平衡，恢复健康皮肤的自然光泽和健康皮肤的光芒。Moor经试验表明其具有天然的低质敏性，并且对各种皮肤类型均有益，因此不需用不同类型的护肤品。如果您的皮肤属于干燥和敏感类别，则建议在使用Eumora清洁后仅使用温和的保湿剂，最好使用天然成分配制。

Directions for use

Wet face and palms with clean water, create a thick lather with Eumora Facial Bar, apply and massage gently onto skin, leave on for at least 3 minutes.

Rinse off with water. Enjoy the effects of the conditioned skin as it continues throughout the day.

使用方法

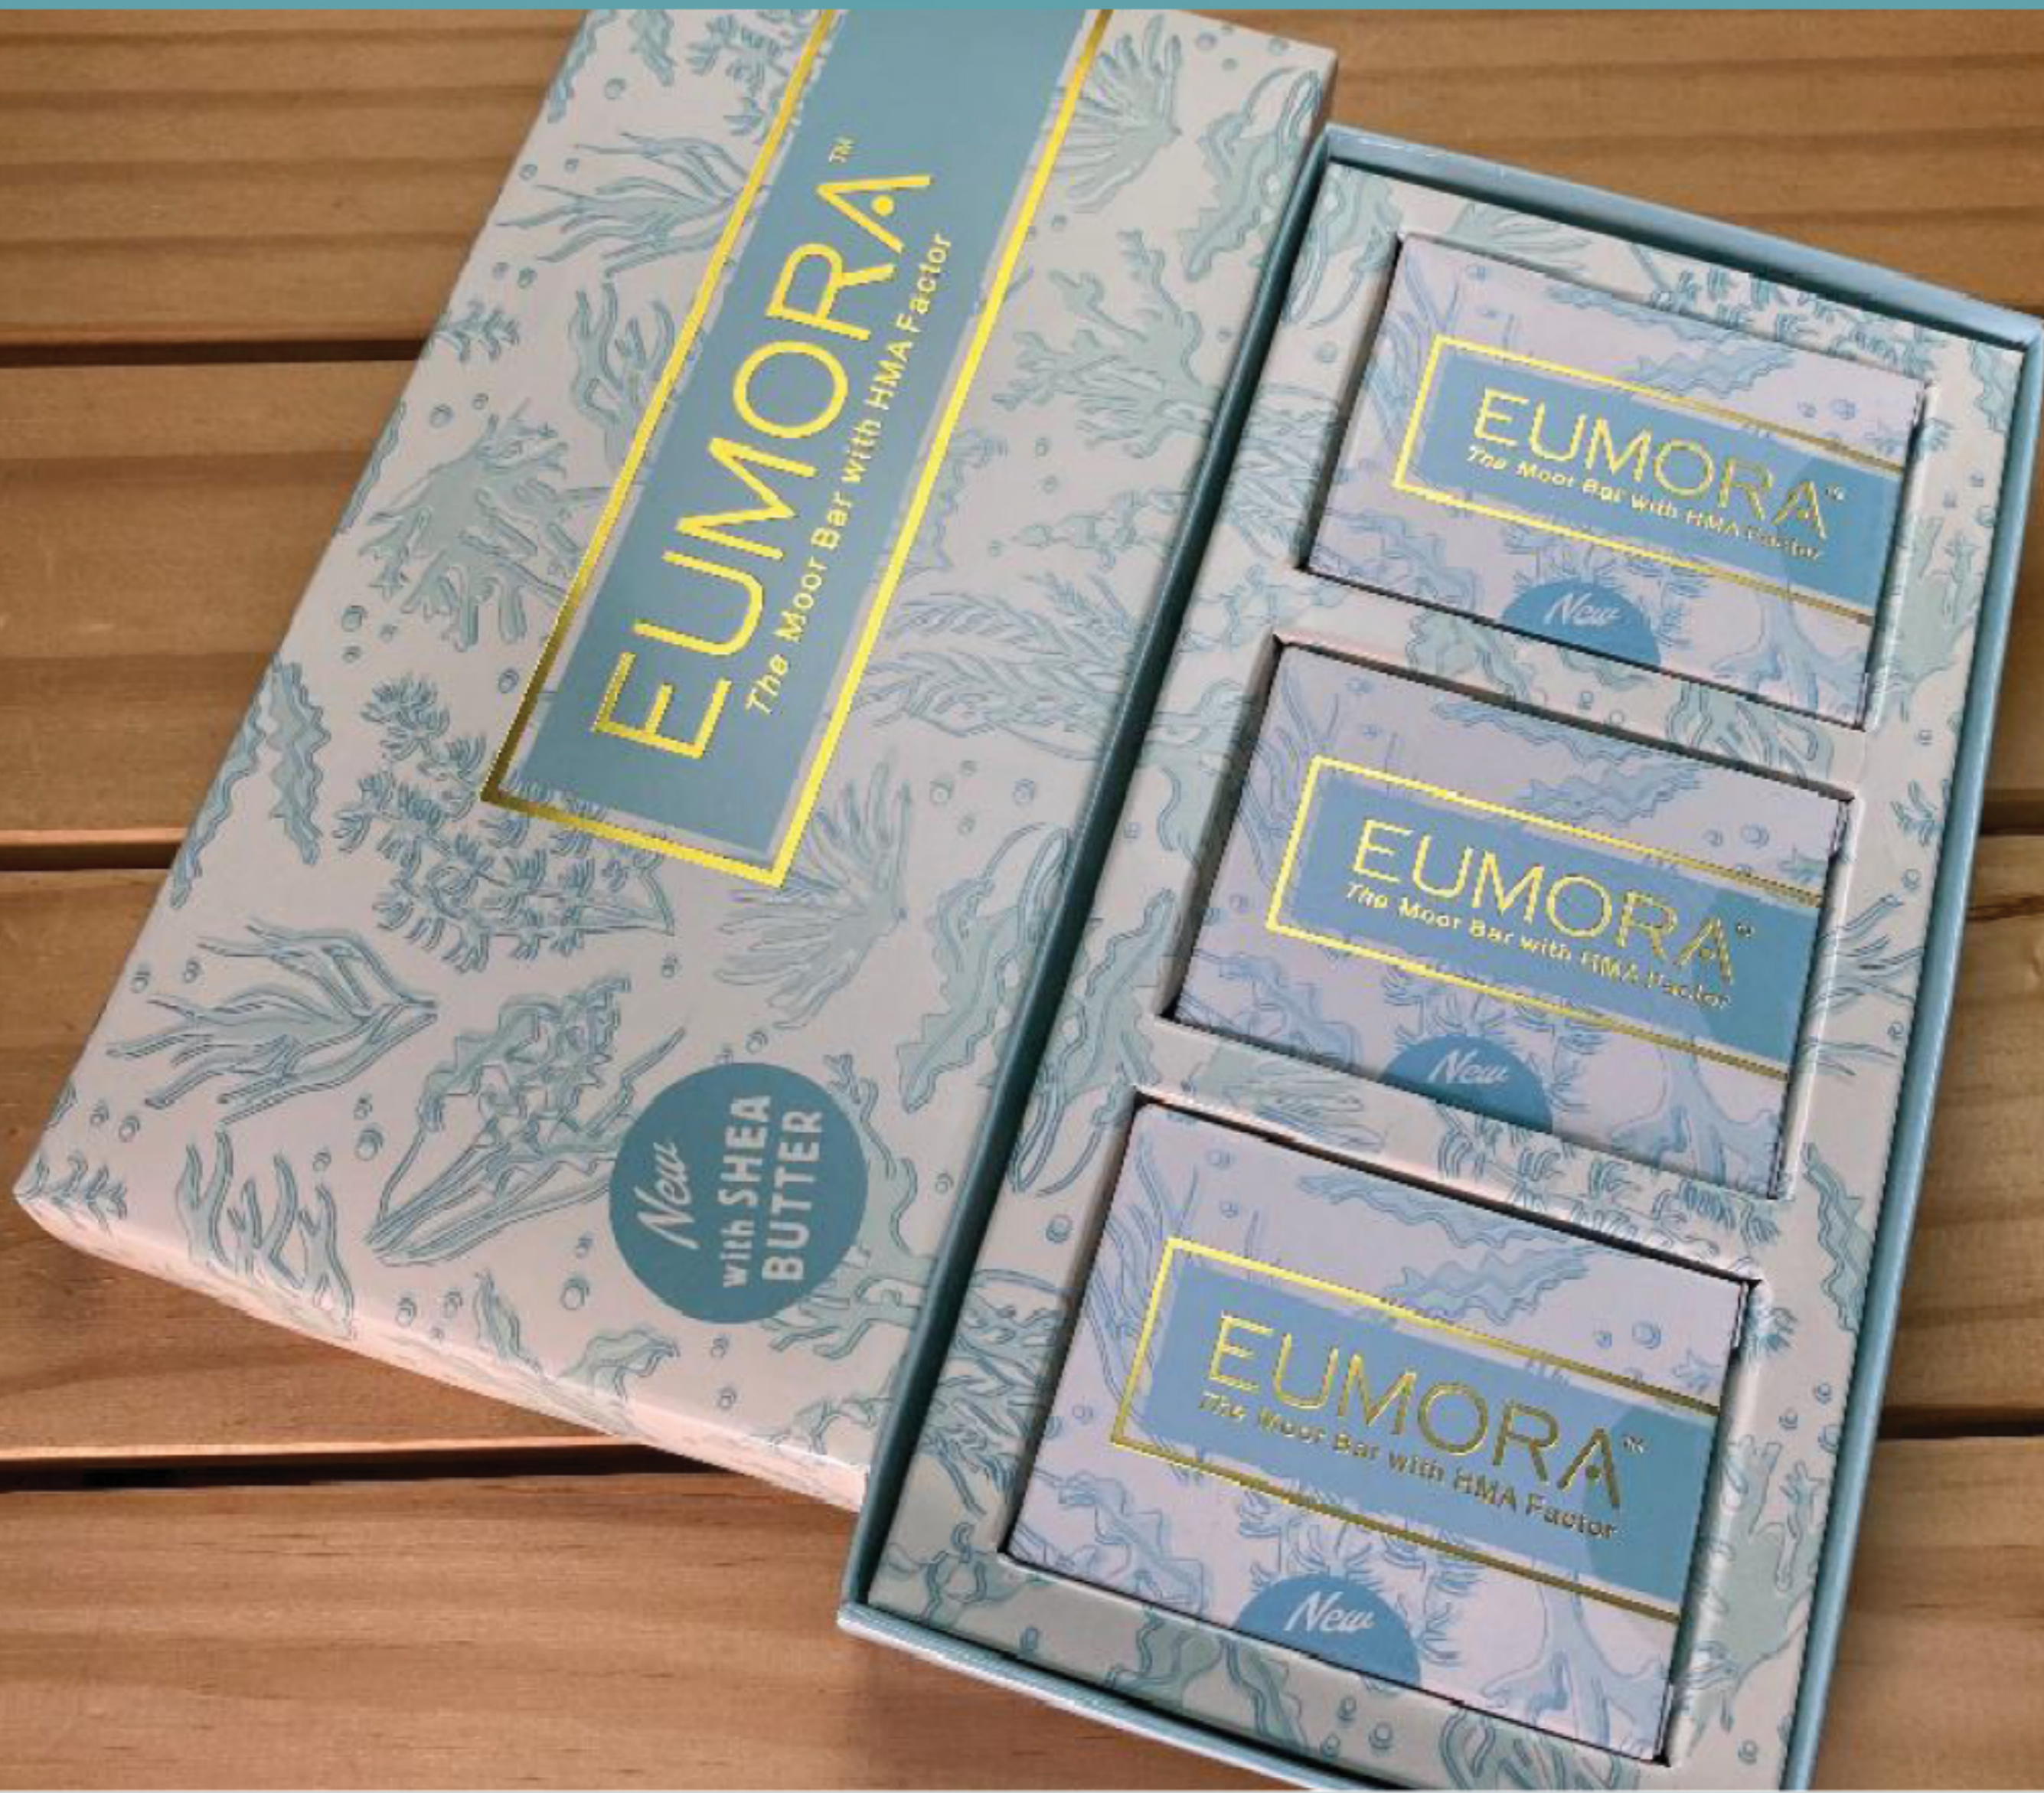

首先用清水弄湿您的脸和手掌，然后使用Eumora搓揉出浓厚的泡沫，轻轻涂在皮肤上，静置3分钟或更长时间。最后用清水冲洗干净。整日持续享受调理的皮肤效果。

Ingredients 成份

Disodium Lauryl Sulfosuccinate & Sodium Coco-Sulfate & Triticum Vulgare (Wheat) Starch & 1-Octadecanol & Paraffin & CI 77891, PEG-10, Glycerin, Heilmoor Clay, Olea Europaea (Olive) Oil, Isopropyl Myristate, Butyrospermum Parkii, Water (Aqua) - Glycerin - Algae Extract - Polyglucuronic Acid, Anthemis Nobilis Flower Extractae Factor), Moor, polyglucoronic acid, olea Europaea Fruit oil, Chamomilla matricaria (Chamomile) extract.
